PROJECT

1.collage project / visual display - ludhiana

03/2026-03/2026

Visual Merchandising Project - "90s Western Theme Window Display"

- Designed and executed a creative window display inspired by 90s western fashion trends.
- Used western styling elements such as denim, boots, hats, and rustic props for theme presentation.
- Applied visual merchandising techniques including colour coordination, balance, and product arrangement.
- Created an eye-catching storefront display to attract customer attention and enhance visual appeal.
- Focused on creative presentation, theme communication, and customer engagement through display styling.
- Improved skills in visual merchandising, styling, prop management, and display planning.

2.collage project / Visual diaplay - ludhiana

02/2026-02/2026

Visual Merchandising Project - "Monochrome Theme Display"

- Designed and developed a monochrome-themed visual display using a single colour palette with different shades and tones.
- Focused on minimalistic styling, balance, and elegant product presentation to create a sophisticated visual impact.
- Applied principles of colour harmony, composition, and visual merchandising for an aesthetically appealing setup.
- Used props, lighting, and coordinated styling elements to maintain theme consistency throughout the display.
- Created an attractive and modern presentation to enhance customer attention and overall brand appeal.
- Strengthened skills in creative styling, display planning, colour coordination, and visual presentation.

3.collage project / fashion show - ludhiana

02/2025-03/2025

Fashion Design Project - "Fire Theme Inspired Dress Design"

- Conceptualized and designed a theme-based garment inspired by fire elements.
- Conceptualized and designed a creative garment inspired by the energy and intensity of fire.
- Used warm colour palettes such as red, orange, yellow, and black to represent flame effects and dramatic visuals.
- Focused on silhouette development, fabric selection, and theme-based styling techniques.
- Created fashion illustrations and design concepts reflecting bold and dynamic aesthetics.
- Applied principles of colour harmony, texture, and creative composition in the design process.
- Applied principles of colour harmony, texture, and silhouette development.
- Presented the design with mood board and styling concepts.
